Bohus Elfsborgs Caroliner, Göteborg, Sweden

The 'Bohus Elfsborgs Caroliner' society preserves the ancient traditions of the regiments who protected the city of Gothenburg and the 'New Elfsborg' fortress at the turn of the 1600-1700 centuries.

Since July 2010 the society has also been the official garrison troops for the 'Bohus' fortress in the city of Kungälv which is situated approximately 20 kilometres (2 Swedish miles) northeast of Gothenburg.

The society was founded in 1985 and performs with infantry, artillery and cavalry troops.

Our motto is: "We preserve, we show and we bring history to life".
